RESPONSE B

Dear Commissioner:

Responsive to the office action dated February 23, 2005, the office action states:

Applicants' election of the species of Figs. 4A-4I in the reply filed on November 19, 2004 is acknowledged. However, a listing of all claims readable on the aforementioned selected single species has not been included, as required in the Office Action mailed on October 28, 2004 under 35 U.S.C. 121, therefore the aforementioned election is considered to be a non-compliant response under the requirement of 35 U.S.C. 121. P.2

The statement that a listing of all claims readable on the aforementioned selected single species has not been included is not understood and incorrect.

In the response filed November 19, 2004, the second paragraph of the remarks read as follows:

Patent Owner provisionally elects claims 1-37 and 44-55 in group I for further prosecution in this application should the requirement for restriction be maintained and the species of FIGS 4A-4I and claims 1-37 and 44-55 readable thereon should the requirement for restriction be maintained. P.2 (emphasis added).

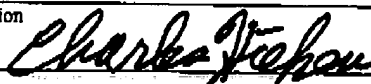

CERTIFICATE OF MAILING OR TRANSMISSION

I hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage for first class mail in an envelope addressed to the above address, or being facsimile transmitted to the USPTO, on the date indicated below.

Since this response did list all claims readable on the single species, withdrawal of the consideration that the response was noncompliant is respectfully requested, withdrawal of the requirement for restriction and an action on the merits on the claims is respectfully requested. Should the response be still regarded as noncompliant the Examiner is respectfully requested to telephone the undersigned attorney as 617-521-7014 to discuss what additional steps he believes are necessary to make the response compliant.

Respectfully submitted,  
FISH & RICHARDSON P.C.
